Captain Philip Haxail, another candidate from this city, stands high in the social, business, and military world, and is largely supported in the various parts of the State. He is considered by some as a dark horse that will easily carry off the paim if the contest between General Anderson and Colonel Hawes should wax too hot. A Dark Horse.

Captain Haxall served during the late war in every grade in the line from private to captain, and for the last two years of the war was adjutant-general, first of Hobertson's Brigade, and later on succes-sively of Fitz. Lee's, Kemper's and C. L. Stevenson's Divisions. In 1883, in pursuit of Stevenson's Divisions, in 1883, in pursuit of his very positive military talents, he reviv-ed the cavalry arm of the servive in the State by organizing the first troop of the present First Regiment of Cavalry, the and accused moved the court to set with the verdict and grant him a new trial, which was refused. The only method of saving the rights of these creditors appears to be the passage of an act of the Legislature extending the authority of the commisextending the authority of the commis-sioners of the sinking fund to exchange bonds under section 7 and section 17 of the act of 1892 for a further period of time. #### An Attachment Suit.

In the Chancery Court yesterday C. W. Dolloff began a suit of attachment against Thomas Barry, with a view of securing a settlement and equal divi-sion of money. Mr. Dolloff claims that Mr. Barry owes him at least \$2,000, and that he has demanded a settlement on several occasions, but always met with a refusal. The two formed a partner-ship in 1886, which, however, Mr. Barry recommenced in 1889 by submitting blds

to various parties in his name alone.

A process of attachment has also been served on Messrs. McIntosh and Armbrecht, to whom Mr. Barry recently sold his business. The effect of these pro-ceedings is to keep in this State, and prevent a disposal of the property referr-ed to in the bill until a decision is rendered by the Supreme Court upon a suit taken there from the Chancery Court some months ago.

TO SELL OR NOT TO SELL?

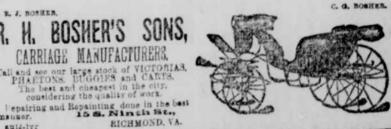

THAT IS THE QUESTION. Whether it is more prudent in the Furniture Dealer's mind to suffer the constant visits of his impatient creditors, or to dispose of part of his stock at a sacrifice, and by that disposition pay them. This is exactly what I propose to do. I carry the largest stock of HOU'S HOLD FURNITURE in Virginia, and until the McKinley Bill, the Sherman Bill, Dollar Bill, Buffalo Bill, or some other Bill brings better times to the country, I will sell my goods at fully 25 per cent less than I would have done three months ago. You need not take my word for it; visit every other Furniture nouse in the city, examine their goods get their prices. But if you know what is good for you, you will not buy till you have done three months ago.
